The Company has also become one of the most cost efficient plants in the industry producing very high quality Grade 53 cement.

The production of clinker and cement increased by 1,136,116 metric tons and 667,929 metric tons respectively and the capacity utilization stood at 75% as compared to 16% of the corresponding period.

Financial performance

An analysis of the key financial results of your Company for the six months period ended December 31, 2020 is as under:

Particulars	Six Months Period Ended	
	31 December 2020	31 December 2019
	Rs. ' 000	
Net sales revenue	6,853,791	1,242,502
Gross Profit / (Loss)	1,690,314	(345,599)
Profit / (Loss) after tax	68,788	(365,816)
Earning / (Loss) per share (Rupee)	0.005	(0.344)

Net Sales Revenue

The net sales revenue increased by a staggering 452% in line with increase in sales volumes – 1,203,811 tons as compared to 191,385 tons during the corresponding period as both local and export markets performed considerably well on the back of enhancement of plant capacity. However, the domestic as well as export selling prices remained under pressure due to increased competition.

Gross Profit

The Gross Margin of the Company stood at 25% as compared to a negative 28% during the corresponding period in line with the increase in sales revenue and reduced cost of sales per ton -due to better absorption of fixed costs as a result of 105% capacity utilization of new cost-efficient plant.

Net Profit

The Company's net profit was mainly attributable to aforesaid good Gross Profit margin which even absorbed the higher debt burden on account of mark-up expenses accrued on Line III debts.

FUTURE OUTLOOK

The Government is braving the impact of second wave of COVID by imposing smart lockdowns to keep the economy under control. However, in spite of these challenges, the industry outlook still remains positive. During the period under review, the strong growth in cement sales can be attributed to economic recovery after the first wave of COVID, the construction activities post monsoon and announcement of construction package. The Government announced tax amnesty for the construction sector to compensate economic losses caused by COVID-led lockdown whose full effects are yet to come which are likely to boost the demand of cement in the country going forward.

Further, the Company expects the package announced for the construction industry by the Government will continue to have a positive impact on the cement demand of the country.

Banks in Pakistan are now ready to provide long-term mortgage financing for purchase of houses as the SBP has advised them to build mortgage portfolio up to 5% of their total loans. This will be another factor for creating housing demand resulting in higher demand of cement on sustainable basis. Reduction in policy rate by 625 basis points to 7% will have a very positive effect on financial performance of the Company.

ACKNOWLEDGEMENT

The Directors are grateful to the Company's stakeholders for their continuing confidence and patronage. We wish to place on record our appreciation and thanks for the faith and trust reposed by our Business Partners, Bankers and Financial Institutions. We thank the Ministry of Finance, Ministry of Industries & Production, the Securities & Exchange Commission of Pakistan, the State Bank of Pakistan, the Competition Commission of Pakistan, Central Depository Company of Pakistan and the Management of Pakistan Stock Exchange for their continued support and guidance which has gone a long way in giving present shape to the Company.

The results of an organization are greatly reflective of the efforts put in by the people who work for and with the Company. The Directors fully recognize the collective contribution made by the employees of the Company and its contractors towards the successful completion of expansion project. Management is responsible for the preparation and presentation of these interim financial statements in accordance with accounting and reporting standards as applicable in Pakistan for interim financial reporting. Our responsibility is to express a conclusion on these interim financial statements based on our review. The figures of the condensed interim statement of profit or loss and other comprehensive income for the quarters ended December 31, 2020 and December 31, 2019 have not been reviewed, as we are required to review only the cumulative figures for the six-month period ended December 31, 2020.

Scope of Review

We conducted our review in accordance with International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity". A review of interim financial statements consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim financial statements are not prepared, in all material respects, in accordance with the accounting and reporting standards as applicable in Pakistan for interim financial reporting.

Such erroneous basis of working of excise duty has been held, being without lawful authority, by the Honourable Supreme Court of Pakistan as per its judgement dated February 15, 2007. Accordingly, the Company filed an application to the Collector of Federal Excise and Sales Tax to refund the excess excise duty amounting to Rs.182.60 million.		

**NOTES TO THE CONDENSED INTERIM FINANCIAL STATEMENTS

The refund was however, rejected by Collector of Appeals vide order in appeal number 01 of 2009 dated March 19, 2009 and Additional Collector, Customs, Sales tax and Federal excise vide its order in original number 02 of 2009 dated January 24, 2009 primarily based on the fact that the Company has failed to discharge the burden of proof to the effect that incidence of duty had not been passed on to the customers of the Company. Accordingly, the Company filed an appeal before the Learned Appellate Tribunal Inland Revenue (ATIR) regarding Central excise duty which, vide its order dated May 23, 2012 held that the requisite documents proving the fact that the incidence of duty had not been passed to the customers of the Company has been submitted by the Company and therefore the Company has discharged its onus. Based on the foregoing the original order number 01 of 2009 dated March 19, 2009 and order number 02 of 2009 dated January 24, 2009 were set aside by ATIR and appeal was allowed.

Based on the decision by ATIR and the tax advisor's opinion that the refund claim is allowed to the company, the company recorded the refund claim receivable with a corresponding credit to the profit & loss account. The matter has been challenged by the Tax Department in the High Court of Sindh vide its reference application 252/2012 dated September 2012 on the grounds that the Company has failed to discharge the burden of proof to the effect that incidence of duty had not been passed on to the customers of the Company. The hearing of the case is pending since September, 2012. The management is confident of a favourable outcome based on its legal advisor's opinion. The Company is actively pursuing the matter for the settlement of the said refund claim.

18. CONTINGENCIES AND COMMITMENTS

18.1 Contingencies

There is no change in the status of the contingencies as disclosed in note 27.1 to the annual financial statements for the year ended June 30, 2020, except as mentioned below.

18.1.1 The Competition Commission of Pakistan (the CCP) took Suo Moto action under Competition Commission Ordinance, 2007 and issued a Show Cause Notice on October 28, 2008 for increase in prices of cement across the country. Similar notices were also issued to All Pakistan Cement Manufacturers Association (APCMA) and its member cement manufacturers. The Company filed a writ petition before the Honourable Lahore High Court (LHC) and the LHC vide its order dated August 24, 2009 allowed the CCP to issue its final order. The CCP accordingly passed an order on August 27, 2009 and imposed a penalty of Rs. 87 million on the Company. The LHC vide its order dated August 31, 2009 restrained the CCP from enforcing its order against the Company for the time being. The High Court of Lahore has heard the arguments of all the parties and has reserved its judgement on the matter on July 17, 2020.

During the financial year ended June 30, 2009, the Company has filed an appeal before the Honourable Supreme Court of Pakistan (SCP) and LHC against the Order of the CCP dated August 27, 2009. The petition filed by the Company and other cement manufacturers before the LHC are pending for adjudication meanwhile order passed by the LHC on August 31, 2009 is still operative. Management, based on the legal advice, believes that there are good legal grounds and is hopeful that there will be no adverse outcome for the Company, accordingly no provision has been made in these financial statements.

Consequent to changes in the legislation, the SCP has remanded the matter to the CCP Tribunal. The Company via Constitutional Petition (CP) No. 'D-8444' has challenged the formation of the Competition Commission of Pakistan (CCP) Tribunal on certain grounds. The CP has been filed before the SHC which through its order dated December 12, 2017 has restrained the CCP Tribunal from issuance of a final order, however, the proceedings on the matter may be continued by the CCP Tribunal as per its discretion.

During the period, LHC decided the case against the Company and other cement manufacturers for which the Company has decided to prefer an appeal before the Supreme Court of Pakistan.

Based on the opinion of the Company's legal advisors, the management is hopeful that the ultimate outcome of the appeal will be in favour of the Company and hence no provision has been recognised in these financial statements for the aforementioned amount of penalty.

18.1.2 During the financial year 2019, the Company received show-cause notice u/s 11(2) of the Act dated September 05, 2019 covering transactions of input tax claimed during tax periods from July 2018 to June 2019 alleging an amount of Rs. 946 million as inadmissible under the Act, the DCIR passed order vide no. 01/06/2020 dated August 06, 2020. The Company has filed an appeal u/s 45B of the Act. On September 29, 2020, CIR (Appeals-I) has granted a stay, through order No. 2020/211, against the mentioned DCIR's order.

Subsequent to the period end, CIR (Appeals-I) decided the case via order number STA/161/LTU/ 2021/08 dated February 11, 2021 partly in favour of the Company by vacating Rs. 461.91 million and remanding back Rs. 484.53 million to decide the matter afresh.

The Deputy Commissioner Inland Revenue (DCIR) passed an amended assessment order under section 122 of the Ordinance while making additions of Rs. 19.3 million to the declared loss for the year.

The Company preferred appeal before CIR (appeals) under section 127 of the Ordinance on May 26, 2016. Hearing in this regard was held on June 6, 2016 and CIR (Appeals) issued order on February 4, 2020 confirming disallowance of Rs. 3.66 million.
