Directors' Report

The Directors of your Company are pleased to present the annual report of the Company, together with the audited financial statements for the year ended June 30, 2016.

OVERVIEW

The country's cement industry witnessed a significant overall growth of 9.82% and the south zone, where your Company is situated, noticed a growth of 24.92% in domestic demand and a decline of 25.90% in exports. The domestic demand in south zone stood at 5.95 million tons and the export stood at 2.02 million tons as compared to 4.76 million tons and 2.72 million tons in the last year, respectively. Overall, dispatches in south zone registered an increase 6.39%, which is mainly attributable to the robust local demand. The growth in local demand is on the back of lower interest rates and inflation, improving law and order conditions, promising economic indicators, mega housing schemes and public sector development projects, while the exports have seen a decline as the domestic market is offering more lucrative business, in addition to this, the imposition of anti-dumping duty in South Africa is also an important factor causing fall in exports.

During the year under review, the dispatches of your Company registered an increase of 11 % achieving a volume of 619,627 metric tons as compared to 558,636 metric tons in the last financial year.

Name of Director		BOD Meetings Attended
Mr. Nasim Beg	Non-Executive Director/ Chairman	4
Mr. Muhammad Kashif Habib	Executive Director/ Chief Executive Officer	5
Mr. Muhammad Yahya Khan	Non-Executive/ Independent Director	0
Mr. Muhammad Yousuf Adil	Non-Executive/ Independent Director	3
Mr. Syed Salman Rashid	Non-Executive Director	4
Mr. Muhammad Ejaz	Non-Executive Director	2
Mr. Samad A. Habib	Non-Executive Director	4

Leave of absences were granted to directors who could not attend the meetings due to their pre-occupations.

DIVIDEND AND BONUS

Keeping in mind the commitment of the Company to remain up to date in repayments of its long term obligations, the Board has decided not to declare any dividend for the year ended June 30, 2016.

AUDITORS' OBSERVATION

- The position in respect of the matters emphasized in the external auditors' report is clarified hereunder: The first matter pertains to certain excise duty claims decided in favor of the company by the Appellate Tribunal Inland Revenue (ATIR). The tax department has filed an appeal with the Honorable High Court of Sindh (SHC) against the decision by the ATIR. The company strongly believes that the matter will be decided in favor of the Company by the SHC. The relevant details are set out in Note 10.1 to the Financial Statements.
- The second matter pertains to a claim of the previous shareholders of the company from whom the current owners have acquired controlling interest. This matter has been decided in favor of the company by an Arbitrator appointed under the terms of the Share Transfer Agreement. The counter party has filed objections with the Registrar of the SHC on the arbitration award. However, the Company believes that the outcome of the same would be decided in its favor. The relevant details are set out in Note 20.1.5 to the Financial Statements.

TRADING IN COMPANY'S SHARES BY DIRECTORS AND EXECUTIVES

All Directors including the Chief Executive, Chief Financial Officer and Executives of the Company were delivered written notices by the Company Secretary to immediately inform in writing any trading in the Company's shares by themselves or by their spouses and to deliver a written record of the price, number of shares and CDC statement within 2 days of such transaction to the Company Secretary. A statement showing the Company's shares bought and sold by its Directors, Chief Executive Officer, Chief Financial Officer, Company Secretary and their spouses and minor family members is annexed.

EXPANSION OF PLANT

The Board of Directors of the Company has approved the proposal for the expansion of its production facilities by 5,000 tons to 8,000 tons per day and the management has been authorized to conclude the terms with machinery suppliers and lenders for entering binding agreements at the earliest.

CONTRIBUTION TO NATIONAL EXCHEQUER

The Company contributed over PKR 1.1 billion (2015: PKR 1.0 billion) to the government treasury in shape of taxes, excise duty, income tax and sales tax.

CORPORATE SOCIAL RESPONSIBILITY

During the year, the company has disbursed PKR1.36million (2015: PKR 2.52million) as donation to different trusts, charity institutions and welfare organizations.

APPOINTMENT OF EXTERNAL AUDITORS

The auditors, M/s. KPMG Taseer Hadi & Company, Chartered Accountants, retire and being eligible, offer themselves for re-appointment. The Board of Directors endorses recommendation of the Audit Committee to appointment M/s. KPMG Taseer Hadi & Company, and M/s. Naveed Zafar Ashfaq Jaffery & Co. Chartered Accountants as the joint external auditors of the Company for the financial year 2016-17 in the Annual General Meeting.

FUTURE OUTLOOK

The macro-economic outlook of the country is showing signs of improvement. The combination of increased demand from private sector housing schemes and public sector development projects has in a way attracted cement manufacturers to shift their focus to the local market. Mega development projects under the China Pakistan Economic Corridor (CPEC) and cheaper housing finances attributable to lower discount rate are also likely to support cement demand. Furthermore, the cost efficiencies emanating from lower coal and energy prices also make the Company optimistic about the future.

ACKNOWLEDGEMENT

The Directors of the Company take this opportunity to express their deep sense of gratitude for all the stakeholders for their encouragement and support.

We would like to place on record our deepest appreciation for the commitment, dedication and hard work put in by all staff of the company and also our shareholders, who have always shown their confidence and faith in the Company.

Review Report to the Members on the Statement of Compliance with the Code of Corporate Governance

We have reviewed the enclosed Statement of Compliance with the best practices contained in the Code of Corporate Governance ("the Code") prepared by the Board of Directors of Power Cement Limited ("the Company") for the year ended 30 June 2016 to comply with the requirements of Listing Regulations of Pakistan Stock Exchange where the Company is listed.

The responsibility for compliance with the Code is that of the Board of Directors of the Company. Our responsibility is to review, to the extent where such compliance can be objectively verified, whether the Statement of Compliance reflects the status of the Company's compliance with the provisions of the Code and report if it does not and to highlight any non-compliance with the requirements of the Code. A review is limited primarily to inquiries of the Company's personnel and review of various documents prepared by the Company to comply with the Code.

As a part of our audit of the financial statements we are required to obtain an understanding of the accounting and internal control systems sufficient to plan the audit and develop an effective audit approach. We are not required to consider whether the Board of Directors' statement on internal control covers all risks and controls or to form an opinion on the effectiveness of such internal controls, the Company's corporate governance procedures and risks.

The Code requires the Company to place before the Audit Committee, and upon recommendation of the Audit Committee, place before the Board of Directors for their review and approval of related party transactions distinguishing between transactions carried out on terms equivalent to those that prevail in arm's length transactions and transactions which are not executed at arm's length price and recording proper justification for using such alternate pricing mechanism. We are only required and have ensured compliance of this requirement to the extent of the approval of the related party transactions by the Board of Directors upon recommendation of the Audit Committee. We have not carried out any procedures to determine whether the related party transactions were undertaken at arm's length price or not.

Based on our review, nothing has come to our attention which causes us to believe that the Statement of Compliance does not appropriately reflect the Company's compliance, in all material respects, with the best practices contained in the Code as applicable to the Company for the year ended 30 June 2016.

Statement of Compliance with the Code of Corporate Governance

This statement is being presented to comply with the Code of Corporate Governance (CCG) contained in Regulation No. 5.19 of listing Regulations of Pakistan Stock Exchange (PSX) Rule Book for the purpose of establishing a framework of good governance, whereby a listed company is managed in compliance with the best practices of corporate governance.

The company has applied the principles contained in the CCG in the following manner:

1. The company encourages representation of independent non-executive directors and directors representing minority interests on its board of directors. At present the board includes:

Category	Names
Executive Director	Mr. Muhammad Kashif Habib
Non Executive / Independent Directors	Mr. Muhammad Yahya Khan
	Mr. Muhammad Yousuf Adil
Non Executive Directors	Mr. Samad A. Habib
	Mr. Nasim Beg
	Mr. Muhammad Ejaz
	Syed Salman Rashid

The independent directors meet the criteria of independence under clause 5.19.1 (b) of the CCG.

2. The directors have confirmed that none of them is serving as a director on more than seven listed companies, including this company (excluding the listed subsidiaries of listed holding companies where applicable).
3. All the resident directors of the company are registered as taxpayers and none of them has defaulted in payment of any loan to a banking company, a DFI or an NBFIs or, being a member of a stock exchange, has been declared as a defaulter by that stock exchange.
4. No casual vacancy occurred in the Board during the year ended 30th June 2016.
5. The company has prepared a "Code of Conduct" and has ensured that appropriate steps have been taken to disseminate it throughout the company along with its supporting policies and procedures.
6. The board has developed a vision/mission statement, overall corporate strategy and significant policies of the company. A complete record of particulars of significant policies along with the dates on which they were approved or amended has been maintained.
7. All the powers of the board have been duly exercised and decisions on material transactions, including appointment and determination of remuneration and terms and conditions of employment of the CEO, other executive and non-executive directors, have been taken by the board/shareholders.
8. The meetings of the board were presided over by the Chairman and, in his absence, by a director elected by the board for this purpose and the board met at least once in every quarter. Written notices of the board meetings, along with agenda and working papers, were circulated at least seven days before the meetings. The minutes of the meetings were appropriately recorded and circulated.
9. The Board already consists of certain directors who are exempted from the directors' training program in accordance with regulation No. 5.19.7 of Listing Regulations of the Pakistan Stock Exchange due to having minimum of 14 years of education and 15 years of experience on the board of a listed company. There is no director left which requires certification under the directors' training program and the company.
10. The directors' report for this year has been prepared in compliance with the requirements of the CCG and fully describes the salient matters required to be disclosed.
11. The financial statements of the company were duly endorsed by CEO and CFO before approval of the board.
12. The directors, CEO and executives do not hold any interest in the shares of the company other than that disclosed in the pattern of shareholding.
13. The company has complied with all the corporate and financial reporting requirements of the CCG.
14. The board has formed an Audit Committee. It comprises 4 members, of whom all are non-executive directors and the chairman of the committee is an independent director.

15. The meetings of the audit committee were held at least once every quarter prior to approval of interim and final results of the company and as required by the CCG. The terms of reference of the committee have been formed and advised to the committee for compliance.
16. The board has formed an HR and Remuneration Committee. It comprises 4 members, of whom 3 are non-executive directors and the chairman of the committee is a non executive director.
17. The board has set up an effective internal audit function which is considered suitably qualified and experienced for the purpose and is conversant with the policies and procedures of the company.
18. The statutory auditors of the company have confirmed that they have been given a satisfactory rating under the quality control review program of the ICAP, that they or any of the partners of the firm, their spouses and minor children do not hold shares of the company and that the firm and all its partners are in compliance with International Federation of Accountants (IFAC) guidelines on code of ethics as adopted by the ICAP.
19. The statutory auditors or the persons associated with them have not been appointed to provide other services except in accordance with the listing regulations and the auditors have confirmed that they have observed IFAC guidelines in this regard.
20. The 'closed period', prior to the announcement of interim/final results, and business decisions, which may materially affect the market price of company's securities, was determined and intimated to directors, employees and stock exchanges.
21. Material/price sensitive information has been disseminated among all market participants at once through stock exchanges.
22. We confirm that all other material principles enshrined in the CCG have been complied with.

Notes to the Financial Statements

For the year ended 30th June 2016

1. STATUS AND NATURE OF BUSINESS

1.1 Power Cement Limited (the Company) was established as a private limited company on 1 December 1981 and was converted into a Public Limited Company on 9 July 1987. The Company is listed on Pakistan Stock Exchange. The Company's principal activity is manufacturing, selling and marketing of cement. The registered office of the Company is situated at Arif Habib Centre, 23 M.T. Khan Road, Karachi and its undertaking is situated at Deh Kalo Kohar, Nooriabad Industrial Estate, District Jamshoro (Sindh).

2. BASIS OF PREPARATION

2.1 Statement of compliance

These financial statements have been prepared in accordance with approved accounting standards as applicable in Pakistan. Approved accounting standards comprise of such International Financial Reporting Standards (IFRS) issued by the International Accounting Standards Board and Islamic Financial Accounting Standards (IFASs) issued by the Institute of Chartered Accountants of Pakistan as are notified under the Companies Ordinance, 1984, provisions of and directives issued under the Companies Ordinance, 1984. In case requirements differ, the provisions or directives of the Companies Ordinance, 1984 shall prevail.

2.2 Basis of measurement

These financial statements have been prepared under the historical cost convention.

2.3 Functional and presentation currency

Items included in the financial statements are measured using the currency of the primary economic environment in which the Company operates. The financial statements are presented in Pakistani rupee which is the Company's functional and presentation currency. All financial information presented in Pakistani Rupee has been rounded to nearest thousand.

2.4 Use of estimates and judgments

The preparation of financial statements in conformity with approved accounting standards, as applicable in Pakistan, requires management to make judgments, estimates and assumptions that affect the application of policies and the reported amounts of assets, liabilities, income and expenses.

The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the results of which form the basis of making the judgments about the carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

Judgments made by management in the application of approved accounting standard as, applicable in Pakistan, that have significant effect on the financial statements and estimates with a significant risk of material judgment in the next year are as follows:

a) Fixed assets

The Company's management determines the estimated useful lives and related depreciation charge for its plant and equipment. The Company also reviews the value of the assets for possible impairment on an annual basis. Any change in the estimates in future years might affect the carrying amounts of the respective items of property, plant and equipment with a corresponding affect on the depreciation charge and impairment (note 4).

b) Trade debts

The Company reviews its doubtful debts at each reporting dates to assess whether provision should be recorded in the profit and loss account. In particular, judgment by management is required in the estimates of the amount and timing of future cash flows when determining the level of provision required (note 8). Such estimates are based on certain assumptions whereas actual results may differ, resulting in future changes to the provisions.

c) Stock in trade and stores and spares

The Company reviews the net realizable value of stock in trade and stores and spares to assess any diminution in the respective carrying values. Any change in the estimates in future years might affect the carrying amounts of stock in trade, stores and spares and corresponding effect in profit and loss account of those future years. Net realizable value is determined with respect to estimated selling price less estimated expenditures to make the sales (notes 6 and 7).

d) Income taxes

In making the estimates for income taxes currently payable by the Company, the management considers the current income tax law and the decisions of appellate authorities on certain issues in the past. In making the provision for deferred taxes, estimates of the Company's future taxable profits are taken into account (notes 15 and 28).

Notes to the Financial Statements

For the year ended 30th June 2016

e) Staff retirement benefits

Certain actuarial assumptions have been adopted as disclosed in these financial statements for actuarial valuation of present value of defined benefit obligations. Change in these assumptions in future years may affect the liability under the scheme in those years (note 16).

f) Provisions

Provisions are recognized when the Company has a present legal or constructive obligation as a result of past events and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of obligation. Provisions are reviewed at each balance sheet date and adjusted to reflect the best estimate.

2.5 New and Amended Standards, Interpretations and Amendments not yet effective

The following standards, amendments and interpretations of approved accounting standards will be effective for accounting periods beginning on or after 01 July 2016:

- Amendments to IAS 38 Intangible Assets and IAS 16 Property, Plant and Equipment (effective for annual periods beginning on or after 1 January 2016) introduce severe restrictions on the use of revenue-based amortization for intangible assets and explicitly state that revenue-based methods of depreciation cannot be used for property, plant and equipment. The rebuttable presumption that the use of revenue-based amortization methods for intangible assets is inappropriate can be overcome only when revenue and the consumption of the economic benefits of the intangible asset are 'highly correlated', or when the intangible asset is expressed as a measure of revenue. The amendments are not likely to have an impact on Company's financial statements.
- Investment Entities: Applying the Consolidation Exception (Amendments to IFRS 10 – Consolidated Financial Statements and IAS 28 – Investments in Associates and Joint Ventures) [effective for annual periods beginning on or after 1 January 2016] clarifies (a) which subsidiaries of an investment entity are consolidated; (b) exemption to present consolidated financial statements is available to a parent entity that is a subsidiary of an investment entity; and (c) how an entity that is not an investment entity should apply the equity method of accounting for its investment in an associate or joint venture that is an investment entity. The amendments are not likely to have an impact on Company's financial statements.
- Accounting for Acquisitions of Interests in Joint Operations – Amendments to IFRS 11 'Joint Arrangements' (effective for annual periods beginning on or after 1 January 2016) clarify the accounting for the acquisition of an interest in a joint operation where the activities of the operation constitute a business. They require an investor to apply the principles of business combination accounting when it acquires an interest in a joint operation that constitutes a business. The amendments are not likely to have an impact on Company's financial statements.
- Amendment to IAS 27 'Separate Financial Statements' (effective for annual periods beginning on or after 1 January 2016) allows entities to use the equity method to account for investments in subsidiaries, joint ventures and associates in their separate financial statements. The amendment is not likely to have an impact on Company's financial statements.
- Agriculture: Bearer Plants [Amendment to IAS 16 and IAS 41] (effective for annual periods beginning on or after 1 January 2016). Bearer plants are now in the scope of IAS 16 Property, Plant and Equipment for measurement and disclosure purposes. Therefore, a company can elect to measure bearer plants at cost. However, the produce growing on bearer plants will continue to be measured at fair value less costs to sell under IAS 41, 'Agriculture'. A bearer plant is a plant that: is used in the supply of agricultural produce; is expected to bear produce for more than one period; and has a remote likelihood of being sold as agricultural produce. Before maturity, bearer plants are accounted for in the same way as self-constructed items of property, plant and equipment during construction. The amendments are not likely to have an impact on Company's financial statements.
- Amendments to IAS 12, 'Income Taxes' are effective for annual periods beginning on or after 1 January 2017. The amendments clarify that the existence of a deductible temporary difference depends solely on a comparison of the carrying amount of an asset and its tax base at the end of the reporting period, and is not affected by possible future changes in the carrying amount or expected manner of recovery of the asset. The amendments are not likely to have an impact on Company's financial statements.
- Amendments to IAS 7, 'Statement of Cash Flows' are part of IASB's broader disclosure initiative and are effective for annual periods beginning on or after 1 January 2017. The amendments require disclosures that enable users of financial statements to evaluate changes in liabilities arising from financing activities, including both changes arising from cash flow and non-cash changes.
- Amendments to IFRS 2, 'Share-based Payments' clarify the accounting for certain types of arrangements and are effective for annual periods beginning on or after 1 January 2018. The amendments cover three accounting areas (a) measurement of cash-settled share-based payments; (b) classification of share-based payments settled net of tax withholdings; and (c) accounting for a modification of a share-based payment from cash-settled to equity-settled. The new requirements could affect the classification and/or measurement of these arrangements and potentially the timing and amount of expense recognized for new and outstanding awards. The amendments are not likely to have an impact on Company's financial statements.
- Annual Improvements 2012-2014 cycles (amendments are effective for annual periods beginning on or after 1 January 2016). The new cycle of improvements contain amendments to the following standards:
 - IFRS 5, 'Non-current Assets Held for Sale and Discontinued Operations': IFRS 5 is amended to clarify that if an entity changes the method of disposal of an asset (or disposal group) i.e. reclassifies an asset from held for distribution to owners to held for sale or vice versa without any time lag, then such change in classification is considered as continuation of the original plan of disposal and if an entity determines that an asset (or disposal group) no longer meets the criteria to be classified as held for distribution, then it ceases held for distribution accounting in the same way as it would cease held for sale accounting.

Notes to the Financial Statements

For the year ended 30th June 2016

- IFRS 7, 'Financial Instruments- Disclosures': IFRS 7 is amended to clarify when servicing arrangements on continuing involvement in transferred financial assets in cases when they are derecognized in their entirety. IFRS 7 is also amended to clarify that additional disclosures required by 'Disclosures: Offsetting Financial Assets and Financial Liabilities (Amendments to IFRS7)' are not specifically required for inclusion in condensed interim financial statements for all interim periods.
- IAS 19, 'Employee Benefits': IAS 19 is amended to clarify that high quality corporate bonds or government bonds used in determining the discount rate should be issued in the same currency in which the benefits are to be paid.
- IAS 34, 'Interim Financial Reporting': IAS 34 is amended to clarify that certain disclosures, if they are not included in the notes to interim financial statements and disclosed elsewhere should be cross referred.

Certain amendments / improvements may impact the financial statements of the Company and the management is in the process of assessing the full impact of the change.

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The significant accounting policies applied in the preparation of these financial statements are set out below. These policies have been applied consistently to all years presented except for the changes in policies due to standards mentioned below which became effective during the year:

New, Amended And Revised Standards And Interpretations of IFRSs

During the year, IFRS 10, 'Consolidated Financial Statements,' IFRS 11, 'Joint Arrangements', IFRS 12, 'Disclosure of Interests in Other Entities' and IFRS 13, 'Fair Value Measurements' became effective, however, except for the adoption of IFRS 13, they did not have a material effect on these financial statements.

IFRS - 13, 'Fair Value Measurement', became effective during the year which establishes a single framework for measuring fair value and making disclosures about fair value measurements when such measurements are required or permitted by other IFRSs. It unifies the definition of fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. It replaces and expands the disclosure requirements about fair value measurements in other IFRSs, including IFRS 7, 'Financial Instruments: Disclosures'. As a result, the Company has included additional disclosures in this regard in note 32 to these financial statements. Notwithstanding the above, the aforementioned change does not have material impact on fair value measurement of assets and liabilities.

Further, additional disclosures relating to All Shares Islamic Index Screening as required by circular 14 dated 21 April 2016, issued by SECP, have been made in the financial statements during the year.

3.1 Fixed assets and Intangible assets

a) Operating property, plant and equipment - Owned

These are stated at cost less accumulated depreciation and impairment losses, if any, except for lease hold land, which is stated at cost.

Cost of lease hold land is not amortized since the lease is renewable at nominal price at the option of the lessee.

Depreciation on plant and machinery is charged using units of production method. The unit of production method results in depreciation charge based on the actual use or output.

Depreciation other than plant and machinery is charged, on a systematic basis over the useful life of the assets, on reducing balance method, which reflects the patterns in which the asset's economic are consumed by the company, at the rates specified in note 4. Depreciation on additions is charged from the month in which the asset is available for use and on disposals up to the month prior to disposal.

Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the asset will flow to the Company and the cost of the asset can be measured reliably. The carrying amount of the replaced part is derecognized.

Normal repair and maintenance are charged to profit and loss as and when incurred. Gains and losses on disposal of assets, if any, are included in profit and loss currently.

b) Assets subject to finance lease

The Company accounts for property, plant and equipment obtained under finance leases by recording the asset and the related liability. These amounts are determined on the basis of discounted value of minimum lease payments at inception of lease or fair value whichever is lower.

Financial charges are allocated to the accounting period in a manner so as to provide a constant periodic rate of charge on the outstanding liability. Depreciation on plant and machinery is charged on the unit of production method basis. Depreciation on assets other than plant and machinery is charged, on a systematic basis over the useful life of the assets, on reducing balance method, which reflects the patterns in which the asset's economic benefits are consumed by the Company, at the rates specified in note 4. Depreciation on additions is charged from the month in which the asset is available for use and on disposals up to the month prior to disposal.

Notes to the Financial Statements

For the year ended 30th June 2016

c) Intangible assets

These are stated at cost less accumulated amortization and impairment losses, if any. Amortization is charged using the straight line method over assets estimated useful life at the rates specified in note 5 after taking into account residual value, if any. The residual values, useful lives and amortization methods are reviewed and adjusted, if appropriate, at each balance sheet date.

Amortization on additions is charged from the month the assets are put to use while no amortization is charged in the month in which the assets are disposed off. Gain and losses on disposal of such assets, if any, are included in the profit and loss account.

d) Capital work-in-progress (CWIP)

Capital work in progress is stated at cost including, where relevant, related financing costs less impairment losses, if any. These costs are transferred to fixed assets as and when assets are available for use.

e) Ijarah lease

Leased assets which are obtained under Ijarah agreement are not recognized in the Company's balance sheet and are treated as operating lease based on Islamic Financial Accounting Standard (IFAS) 2 issued by the Institute of Chartered Accountants of Pakistan and notified by Securities and Exchange Commission of Pakistan vide S.R.O. 43(1) / 2007 dated 22 May 2007. Ijarah payments under the agreement are charged to profit and loss account over the lease term.

f) Major stores and spares

Spare parts, stand-by equipment and servicing equipment which qualify as property, plant and equipment when an entity expects to use them during more than one year are classified as fixed assets under category of major stores and spares.

3.2 Impairment

Financial assets

A financial asset is assessed at each reporting date to determine whether there is any objective evidence that it is impaired. A financial asset is considered to be impaired if objective evidence indicates that one or more events have had a negative effect on the estimated future cash flows of that asset.

Non-financial assets

The carrying amounts of non-financial assets other than inventories and deferred tax asset, are assessed at each reporting date to ascertain whether there is any indication of impairment. If any such indication exists then the asset's recoverable amount is estimated. An impairment loss is recognized, as an expense in the profit and loss account, for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less cost to sell and value in use. Value in use is ascertained through discounting of the estimated future cash flows using a discount rate that reflects current market assessments of the time value of money and the risk specific to the assets. For the purpose of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash flows (cash-generating units).

An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. An impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortization, if no impairment loss had been recognized.

3.3 Stores, spare parts and loose tools

These are valued at cost determined on moving average basis, less provision for obsolescence. Stores and spares in transit are valued at invoice value plus other charges incurred thereon as on balance sheet date.

3.4 Stock in trade

Stock of raw and packing materials, work in process and finished goods are valued at the lower of cost and net realizable value. Cost in relation to work in process and finished goods includes prime cost and appropriate proportion of production overheads incurred in bringing the inventory to their present location and condition. Stocks of raw and packing material are valued at moving average cost.

Stocks in transit are valued at cost comprising invoice value plus other charges directly attributable to the acquisition of related purchase incurred up to the balance sheet date.

Net realizable value signifies the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

3.5 Trade debts

Trade debts and other receivables are stated initially at fair value and subsequently measured at amortized cost using the effective interest rate method if applicable, less provision for impairment, if any.

A provision for impairment is established where there is objective evidence that the Company will not be able to collect all amounts due according to the original terms of the receivables. Trade debts and receivables are written off when considered irrecoverable.

3.6 Cash and cash equivalents

For the purpose of cash flow statement, cash and cash equivalents comprise of cash and bank balances net of short term borrowings.

Notes to the Financial Statements

For the year ended 30th June 2016

3.7 Taxation

Income tax on profit or loss for the year comprises current and deferred tax.

a) Current

The Company falls under the presumptive tax regime under Section 115 (4) and 169 of the Income Tax Ordinance, 2001, to the extent of direct export sales. Provision for tax on other income and local sales is based on taxable income at the rates applicable for the current tax year, after considering the rebates and tax credits available, if any. The tax charge as calculated above is compared with turnover tax under Section 113 of the Income Tax Ordinance (Ordinance), 2001 and Alternate Corporate Tax under Section 113C of the Ordinance, the amount higher of these is recorded as tax payable in these financial statements.

b) Deferred

Deferred taxation is recognized, using the balance sheet liability method, providing for all temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes. The amount of deferred tax recognized is based on the expected manner of the realization or settlement of the carrying amount of assets and liabilities, using rates of taxation enacted or substantially enacted at the balance sheet date.

Deferred tax assets are recognized for all deductible temporary differences and unused tax losses, to the extent that it is probable that taxable profit will be available against which the deductible temporary differences and unused tax losses can be utilized. Deferred tax assets, are reduced to the extent that they are no longer probable that the related tax benefit will be realized.

3.8 Staff retirement benefits

a) Defined benefit plan

The Company operates an approved funded gratuity scheme (defined benefit plan) for all its employees who have completed the qualifying period under the scheme. Contributions are made to the fund in accordance with actuarial recommendations. The most recent valuation in this regard was carried out on 30 June 2016 by using the Projected Credit Unit Method for valuation of the scheme. The actuarial gains/losses are recognized in other comprehensive income in the year in which they arise.

b) Compensated absences

The Company accounts for liability in respect of un-availed compensated absences for all its permanent employees, in the period of absence. Provision for liabilities towards compensated absences is made on the basis of last drawn gross salary.

3.9 Trade and other payables

These are recognized and carried at cost which is fair value of the consideration to be paid in the future for goods and services received, whether or not billed to the Company.

3.10 Provisions

Provisions are recognized when the Company has a present legal or constructive obligation as a result of past events and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of obligation. Provisions are reviewed at each balance sheet date and adjusted to reflect the best estimate.

3.11 Foreign currency transactions

Transactions in foreign currencies are translated into Pakistani rupees using the exchange rates prevailing on the date of each transaction. Monetary assets and liabilities in foreign currencies are reported in rupees using the exchange rates approximating those prevailing on the balance sheet date. All exchange differences are taken into profit and loss account.

3.12 Financial instruments

a) Initial recognition

All the financial assets and financial liabilities are recognized at the time when the Company becomes a party to the contractual provisions of the instrument. At the time of initial recognition all financial assets and financial liabilities are measured at fair value and subsequently these are measured at fair value or amortized cost as the case may be.

b) Derecognition of financial liability

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires. If an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of the existing liability are substantially modified, such an exchange or modification is treated as a derecognition of the original liability and the recognition of a new liability, and the difference in the respective carrying amounts is recognized in profit and loss account.

3.13 Offsetting of financial assets and financial liabilities

Financial asset and financial liability is set off and the net amount is reported in the balance sheet if the Company has a legal right to set off the transaction and also intends either to settle on a net basis or to realize the asset and settle the liability simultaneously. Corresponding income on assets and charge on liability is also offset.

Notes to the Financial Statements

For the year ended 30th June 2016

3.14 Derivative financial instruments

Derivatives that do not qualify for hedge accounting are recognized in the balance sheet at estimated fair value with corresponding effect to profit and loss. Derivative financial instruments are carried as assets when fair value is positives and liabilities when fair value is negative.

3.15 Borrowing and finance costs

Loans and borrowings are recognized initially at fair value, less attributable transaction cost. Subsequent to initial recognition, these are measured at amortized cost with any difference between the carrying amount and redemption value being recognized in profit and loss over the period on effective interest rate basis.

Borrowing costs directly attributable to the acquisition, construction or production of a qualifying asset (i.e. an asset that necessarily takes a substantial period of time to get ready for its intended use or sale) are capitalized as part of the cost of that asset.

Finance cost comprises of interest expense on borrowings, if any, unwinding of the discount and bank charges. Mark up, interest and other charges on borrowings are charged to profit and loss in the period in which they are incurred.

3.16 Revenue recognition

- Revenue from sale of goods is measured at fair value of the consideration received or receivable. Domestic sales are recognized as revenue on dispatch of goods to customers with transfer of significant risks and rewards of ownership, which coincides with delivery. Export sales are recognized as revenue on the basis of goods shipped to customers with transfer of significant risks and rewards of ownership.
- Profit on bank deposits is recorded on effective interest basis.
- Gain / (loss) on sale of fixed assets is recorded when title is transferred in favour of transferee.
- Income from scrap is recorded on dispatch of scrap to the customers.
- Rebate on export is recognized after finalization of export documents.

3.17 Dividends and appropriations

Dividends and reserve appropriations are recognized in the period in which these are declared / approved. The distribution of dividend is subject to the covenant as mentioned in note 13.4.

3.18 Earnings per share

The Company presents basic and diluted earnings per shares (EPS) data. Basic EPS is calculated by dividing the profit or loss attributable to share holders of the Company by the weighted average number of ordinary shares outstanding during the year. Diluted EPS is determined by adjusting the profit or loss attributable to share holders and the weighted average number of ordinary shares outstanding, adjusted for the effects of all dilutive potential ordinary shares.

10. TAX REFUND DUE FROM GOVERNMENT

Income tax refundable		126,647	94,809
Sales tax refundable		2,989	2,989
Excise duty receivable	10.1 & 10.2	189,467	189,467
		<u>319,103</u>	<u>287,265</u>

10.1 From 1993-94 to 1998-99, excise duty was levied and recovered from the Company being wrongly worked out on retail price based on misinterpretation of sub section 2 of section 4 of the Central Excise Act, 1944 by Central Board of Revenue. Such erroneous basis of working of excise duty has been held, being without lawful authority, by the Honourable Supreme Court of Pakistan as per its judgment dated 15 February 2007. Accordingly, the Company filed an application to the Collector of Federal Excise and Sales Tax to refund the excess excise duty amounting to Rs. 182.604 million.

The refund was however, rejected by Collector of Appeals vide order in appeal number 01 of 2009 dated 19 March 2009 and Additional Collector, Customs, Sales tax and Federal excise vide its order in original number 02 of 2009 dated 24 January 2009 primarily based on the fact that the Company has failed to discharge the burden of proof to the effect that incidence of duty had not been passed on to the customers of the Company. Accordingly, the Company filed an appeal before the Learned Appellate Tribunal Inland Revenue (ATIR) regarding CED which, vide its order dated 23 May 2012 held that the requisite documents proving the fact that the incidence of duty had not been passed to the customers of the Company has been submitted by the Company and therefore the Company has discharged its onus. Based on the foregoing the original order number 01 of 2009 dated 19 March 2009 and order number 02 of 2009 dated 24 January 2009 were set aside by ATIR and appeal was allowed.

Based on the decision by ATIR and the tax adviser's opinion that the refund claim is allowed to the Company, the Company recorded the refund claim receivable with a corresponding credit to the profit & loss account. The matter has been challenged by the Tax department in the High Court. However, the management based on legal advisor's opinion is confident of a favourable outcome. The Company is actively pursuing the matter for the settlement of the said refund claim.

10.2 The Company received an order from Additional Collector, Hyderabad vide order no. 22 of 2000 alleging that Central Excise Duty of Rs. 6.863 million was not paid on certain sales for the years 1995-1996 and 1996-1997. The said amount was paid by the Company, however, a corresponding receivable was recorded. The Company filed an appeal in Honourable Sindh High Court which was rejected vide order dated 29 May 2007. The Company then filed a petition in Honourable Supreme Court of Pakistan which was disposed off vide order dated 18 July 2011 with the permission to approach the Court of Civil jurisdiction. Accordingly, a civil suite was filed by the Company challenging the order of Deputy Collector of Customs, Central Excise & Sales Tax, Hyderabad. The management in consultation with its lawyer is confident that the outcome of the case would be in favour of the Company and that the amount deposited above would be recovered.

13.3 This represents syndicated term finance facility and deferred markup on it, arranged by the Company with a syndicate of local commercial banks (the Syndicate). In 2012, the Company entered into a revised restructuring agreement with the Syndicate dated 23 December 2011. As per the revised restructuring agreement the principal was payable in nine half yearly instalments from 23 December 2011 to 23 December 2015.

The mark up charged during first 3.5 years i.e. from 23 June 2010 to 22 December 2013 is 6 month KIBOR + 0% per annum and after 3.5 years i.e. 23 December 2013 to 23 December 2018, the mark up will be charged at 6 month KIBOR + 1.75% per annum. Mark-up outstanding at the time of restructuring and mark up accrued from restructuring date till the date of final settlement of principal will then be paid in four (4) half yearly instalments commencing from 23 June 2016.

In 2015, the Company again entered into a revised restructuring agreement with the Syndicate dated 26 December 2014. As per the revised restructuring agreement, the Company has paid Rs. 250 million as principal repayment and Rs. 253 million as deferred markup during the year, whereas principal instalments aggregating Rs. 360 million have been deferred as follows:

- Rs. 250 million falling due on 23 December 2014 will be repaid on 23 June 2018.
- Rs. 110 million out of Rs. 350 million falling due on 23 June 2015 will be repaid on 23 December 2018.

As per the restructuring agreement, deferred markup outstanding as at 30 June 2016 is payable in 3 equal half yearly installments of Rs. 253.58 million each from December 2016 to December 2017.

Notes to the Financial Statements

For the year ended 30th June 2016

The outstanding principal other than deferred principal will be paid as per the existing repayment terms. The loan is secured by way of mortgage over property and hypothecation over assets aggregating to Rs. 3.33 billion.

- 13.4 The facility contains a covenant that Company can not pay dividend to its shareholders until it is upto date to its debt obligation including mark-up payments to syndicate.

- 14.1 This represents mark-up free long term loan of Rs. 1,515.5 million (2015: Rs. 1,515.5 million) obtained from related parties, recorded at present value at mark-up rate of 6 months KIBOR plus 1.75% (2015: 6 months KIBOR plus 1.75%). Had the loan been obtained at fair mark-up rate of 6 months KIBOR plus 1.75%, net profit would have been lower by Rs. 248 million (2015: Rs. 236 million), long term liabilities would have been higher by Rs. 607 million (2015: Rs. 346 million), equity would have been lower by Rs. 716 million (2015: Rs. 468 million) whereas net cash flows for the year would have been lower by Rs. 133 million (2015: Rs. 181 million).

- 14.2 On 1 July 2015, the management entered into a restructuring agreement in respect of loan the related party amounting to Rs. 1,455.5 million. As per revised terms, the repayment date of the loan has been deferred from 2 June 2018 to 15 July 2022.

The said restructuring resulted in substantial modification of financing terms, accordingly the previous liability has been extinguished and new liability has been recognised at fair value. The difference between the carrying amount of the liability extinguished and the fair value of new liability has been recognised in the profit and loss account which is being amortised on effective interest rate over the remaining tenor of the loan.

19.2 This includes finances available from local banks amounting to Rs. 100 million (2015: Rs. 100 million) and carries markup at matching KIBOR +1.5% (2015: SBP rate +1%). These facilities will mature in September 2016 and are secured by charge over fixed assets excluding land and building of the Company. As at balance sheet date total unavailed of these facilities amounts to Rs. 7.66 million.

19.3 This represents FE 25 facility from a bank amounting to Rs. 50 million (2015: Rs.50 million). The amount is repayable in 180 days from the date of disbursement and carries mark-up at the rates ranging between 3.1% to 4.5%. The facility is secured by first pari passu charge against present and future fixed assets of the Company excluding land and building of the Company. Total unavailed amount of this facility as at balance sheet date amounts to Rs. 5.35 million.

19.4 This represents facilities amounting to Rs. 600 million (2015: 280 million) repayable with a maximum tenure of 180 days from the date of disbursement. It carries profit at the rates ranging from KIBOR plus 1.75% to KIBOR plus 3.75% (2015: KIBOR plus 1.75% to KIBOR plus 3%). These facilities will mature from November 2016 and are renewable. As at balance sheet date unavailed amount under these facilities amount to Rs. 350 million. These are secured by first pari passu charge over stocks and receivables of the Company and lien over import documents.

19.5 This represents finance availed from a local bank amounting to Rs. 100 million with tenure of upto 60 days. It carries profit at 3 months KIBOR plus 2%. The facility is under Shariah arrangement and is secured by charge over current assets of the Company.

19.6 The Company also has unfunded facilities from various banks amounting to Rs. 800 million.

20. CONTINGENCIES AND COMMITMENTS

20.1 Contingencies

20.1.1 The Company received an order from Central Excise and Land Custom on 28 October 1992 alleging that the Sales tax and CED amounting to Rs. 15.210 and Rs. 30.312 million respectively, were not paid on certain sales. Penalty of the Rs. 45.524 million was also levied in the said order on account of non payment of above amount. The company has however disputed the same on grounds of lack of jurisdiction as well as on the merits, the matter is sub-judice. The Honourable High Court of Sindh has granted stay against the said order and the case is currently pending with the Appellate Tribunal Inland Revenue, Karachi. The management in consultation with its legal advisor is confident that the outcome of the case would be in favour of the Company and hence no provision is made in these financial statements.

During 2015, the Company received a demand notice from FBR reference # DCIR/Unit-01/E&C/Zone-II/LTU/2015 demanding Rs. 60.624 million and Rs. 15.210 million under CED and Sales Tax respectively. The Honourable High Court of Sindh has granted the stay against the said demand notice. The management in consultation with its legal advisor is confident that the outcome of the case would be in favour of the Company hence no provision is made in these financial statements.

20.1.2 The Competition Commission of Pakistan (the CCP) took Suo Moto action under Competition Commission Ordinance, 2007 and issued a Show Cause Notice on 28 October 2008 for increase in prices of cement across the country. Similar notices were also issued to All Pakistan Cement Manufacturers Association (APCMA) and its member cement manufacturers. The Company filed a writ petition before the Honourable Lahore High Court (LHC) and the LHC vide its order dated 24 August 2009 allowed the CCP to issue its final order. The CCP accordingly passed an order on 27 August 2009 and imposed a penalty of Rs. 87 million on the Company. The Lahore High Court vide its order dated 31 August 2009 restrained the CCP from enforcing its order against the Company for the time being.

During the financial year ended 30 June 2009, the Company has filed an appeal before the Honourable Supreme Court of Pakistan and Lahore High Court against the Order of the CCP dated 27 August 2009. The petition filed by the Company and other cement manufacturers before the Lahore High Court are pending for adjudication meanwhile order passed by the Lahore High Court on 31 August 2009 is still operative. Management, based on the legal advice, believes that there are good legal grounds and is hopeful that there will be no adverse outcome for the Company, accordingly no provision has been made in these financial statement.

20.1.3 A customer has filed claim of Rs. 1.197 million before the Court of District & Session Judge Karachi (East), for recovery of financial loss due to sub-standard supply of cement. The Honourable Judge has decided the order in favour of the customer. Thereafter, the Company filed a revision application against the order before the Sindh High Court. The management based on the advice of the lawyer is confident that the outcome of the case would be in favour of the Company and hence no provision is made in these financial statements.

20.1.4 Section 113(2)(c) was interpreted by a Divisional Bench of the Sindh High Court (SHC) in the Income Tax Reference Application (ITRA) No. 132 of 2011 dated 7 May 2013, whereby it was held that the benefit of carry forward of minimum tax is only available in the situation where the actual tax payable (on the basis of net income) in a tax year is less than minimum tax. Therefore, where there is no tax payable, inter alia, due to brought forward tax losses, minimum tax could not be carried forward for adjustment with future tax liability.

The Company has carried forward minimum tax of current and previous years amounting to Rs. 70.814 million and the Company expects to adjust the amount against the future taxable profits. The Company's legal counsel is of the opinion that the Company has strong arguable case and at an appropriate stage the matter can be agitated before Supreme Court of Pakistan in case the adjustment is challenged by the tax authorities. In view of above, the Company is confident that the ultimate outcome in this regard would be favourable. Hence no provision in this respect has been made in these financial statements.

Notes to the Financial Statements

For the year ended 30th June 2016

- 20.1.5** During the year ended 30 June 2013, the Company reversed liability amounting to Rs. 115.927 million in respect of previous sponsors loan on the basis of arbitration award in favour of the Company.

The management of the Company was taken over by purchasing controlling shareholding during the year 2005. One of the condition of takeover of the management from the previous sponsors was that the amount payable in respect of this loan was required to be adjusted in respect of any differences in the value of assets and / or unrecorded liabilities. However, due to dispute regarding existence of certain assets and / or unrecorded liabilities. The final amount of the previous sponsor's loan remained undetermined and unsettled and the matter was referred for arbitration as per the Share Purchase Agreement between the management and the previous sponsors. The amount outstanding as at 30 June 2012 amounted to Rs. 115.927 million i.e. Rs. 234.076 million net off with unavailable stores and spares of Rs. 118.149 million.

In 2013, the arbitrator decided in favour of the Company and determined an amount of Rs. 0.735 million to be paid by the Company. The award has been sent to the Registrar High Court of Sindh for making the award a rule of Court. The management, based on its lawyers' advice is of the opinion that despite of objection filed by the previous sponsors against the arbitration award, the Company has strong grounds considering the fact that the Arbitration Award has been announced in Company's favour and the arbitration award will be made a rule of Court. Accordingly, the management had reversed the liability with a corresponding credit in the profit & loss account. However, as previous sponsors have filed objections to the award, the matter has been disclosed as a contingent liability in these financial statements.

- 20.1.6** During 2015, the Company received a show cause notice on 22 January 2015 from Deputy Commissioner Inland Revenue (DCIR) alleging that the company is evading sales tax and Federal Excise Duty (FED) which was calculated by comparing consumption of energy and coal of cement industry with the Company and also considering the grinded slag as cement on which FED is payable. Deputy Commissioner Inland Revenue (DCIR), alleged the company for evading an amount of Rs. 551.858 million and Rs. 168.276 million in respect of sales tax and FED respectively. Subsequently, physical verification of manufacturing premises was conducted on 10 February 2015 u/s 38 and 40B. Hearing was fixed on 23 February 2015 and demand notice was received on 03 March 2015 (dated 26 February 2015) for the recovery of Rs. 333.945 million and Rs. 106.467 million. The management of the Company filed an appeal with DCIR on 17 March 2015 along with the application for urgent hearing challenging the order on the grounds of judicial impartiality, lack of legal grounds under Sales Tax Act 1990 and Federal Excise Act, validity of order based on presumptions and lack of basic knowledge of cement industry. Simultaneously, application of stay was filed with DCIR on 17 March 2015 and reference petition was filed with Honourable High Court of Sindh requesting a stay from an legal action on the impugned order dated 26 February 2015, against which stay was granted to the Company by the Honourable High Court of Sindh on 2 April 2015. Management of the Company is confident that the outcome of the case will be in favour of the Company.

- 20.1.7** The Company received a show cause notice from DCIR on 13 June 2015 alleging that the Company has adjusted inadmissible input tax on diesel purchased and consumed in the rented vehicles of the transporter of the Company under Sales Tax Act, 1990. The Company replied through a consultant via letter dated 22 June 2015 explaining that a Company has adjusted a valid input tax under the provision of Sales Tax Act, 1990. Subsequent to year end, demand notice for recovery was received dated 13 July 2015 for an amount of Rs.17.357 million for adjusting invalid input tax with a penalty of Rs.0.868 million against which company filed an appeal with DCIR on 04 August 2015, along with application for the grant of stay. Hearing for the same was fixed on 21 August 2015.

On 10 September 2015, the case has been decided in favour of the Company vide order no. 17 of 2015 issued by Commissioner Inland Revenue (Appeals), however an appeal has been referred against the same by CIR in Appellate Tribunal.

- 20.1.8** Deputy Commissioner Inland Revenue (DCIR) issued impugned order containing discrepancies as a result of purchases from black listed supplier who at the time of purchase were active tax payers, these relate to 2009 to 2014 involving amount of Rs. 2.426 million in aggregate. The Company filed appeal under section 45-B of the Sales Tax Act, 1990 which has been fixed for hearing.

- 20.1.9** The Income Tax assessment order under section 120 of the Ordinance for tax year 2014 was selected for Audit under section 214 C of the Ordinance. The Deputy Commissioner Inland Revenue (DCIR) passed the amended assessment order under section 122 of the Ordinance while making additions of Rs. 19.3 million to the declared loss for the year.

The Company preferred appeal under section 127 of the Ordinance on 26 May 2016. Hearing in this regard was held on 06 June 2016 however outcome of the same is awaited. Based on its legal advisors opinion, management is expecting favourable outcome.

- 20.1.10** For other contingencies, refer note 10.1 and 10.2.

31. FINANCIAL INSTRUMENTS AND RISK MANAGEMENT

The Board of Directors of the Company has overall responsibility for the establishment and oversight of the Company's risk management framework. The Company has exposure to the following risks from its use of financial instruments:

Notes to the Financial Statements

For the year ended 30th June 2016

- Credit risk
- Liquidity risk
- Market risk

31.1 Credit risk

Credit risk is the risk that one party to the financial instruments will fail to discharge an obligation and cause the other party to incur a financial loss. The Company believes that it is not exposed to major concentration of credit risk. However, to reduce exposure to credit risk, if any, the management monitors the credit exposure towards the customers and makes provisions against those balances considered doubtful of recovery.

Management of credit risk

The Company's policy is to enter into financial contracts in accordance with the guidelines set by the Board of Directors. The Company is not materially exposed to credit risk as its majority sales are on advance payment basis.

Credit risk is managed and controlled by the management of the Company in the following manner:

- Credit rating and / or credit worthiness is taken into account along with the financial background so as to minimize the risk of default.
- Cash is held with reputable banks only.

The maximum exposure to credit risk at the reporting date is:

	2016 (Rupees in '000)	2015
Long term deposits	19,635	19,635
Trade debts	271,667	259,722

	<u>480,149</u>	<u>386,292</u>

31.1.1 The maximum exposure to credit risk for trade debt at the balance sheet date by geographic region was as follows:

	2016 (Rupees in '000)	2015
Domestic (Pakistan)	268,458	250,450
Exports	3,209	9,272
	<u>271,667</u>	<u>259,722</u>

31.1.2 The maximum exposure to credit risk for trade debts at the balance sheet date by type of customer is as follows:

	2016 (Rupees in '000)	2015
Dealer / distributor	110,805	73,091
End-user customers / exports	160,862	186,631
	<u>271,667</u>	<u>259,722</u>

31.1.3 Impairment losses

The aging of trade debtors at the balance sheet date was:

	2016		2015	
	Gross (Rupees in '000)	Impairment	Gross	Impairment
Not past due	136,483	-	149,893	-
Past due 1-60 days	42,850	-	45,070	-

31.2 Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting obligations associated with financial liabilities that are settled by delivering cash or another financial asset. Liquidity risk arises because of the possibility that the Company could be required to pay its liabilities earlier than expected or difficulty in raising funds to meet commitments associated with financial liabilities as they fall due. The Company's approach to managing liquidity is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation.

Following are the contractual maturities of financial liabilities, including interest payments:

	2016					
	Carrying amount	Contractual cash flows	Six months or less	Six to twelve months	One to five years	More than five years
	----- (Rupees in '000) -----

	3,864,876	(4,675,106)	(1,571,200)	(270,067)	(2,833,839)	-

The contractual cash flows relating to the above financial liabilities have been determined on the basis of mark-up rates effective as at 30 June 2016.

31.3 Market risk

Market risk is the risk that the value of the financial instrument may fluctuate as a result of changes in market interest rates or the market price due to a change in credit rating of the issuer or the instrument, change in market sentiments, speculative activities, supply and demand of securities and liquidity in the market. Market risk comprises of currency risk, interest rate risk and other price risk. The Company is exposed to currency risk and interest rate risk only.

Notes to the Financial Statements

For the year ended 30th June 2016

a) Currency risk

Foreign currency risk is the risk that the value of financial asset or a liability will fluctuate due to a change in foreign exchange rates. It arises mainly where receivables and payables exist due to transactions entered into foreign currencies.

The Company is exposed to currency risk on export sales and import purchases in a currency other than Rupees. Further, Company regularly avails foreign currency loans which also exposes it to the currency risk.

Company's exposure to foreign currency risk is as follows:

	2016		2015	
	(Rupees in '000)	(US Dollars in'000)	(Rupees in '000)	(US Dollars in'000)
Trade debts	3,155	30	-	-
Bills payable	(158,494)	(1,558)	(228,282)	(2,245)
Foreign currency loan	(44,647)	425	45,355	446
Gross exposure	(199,986)	(1,103)	(182,927)	(1,799)

Above net exposure is payable by the Company in Rupees at the rate on which these are settled by the Company. Currently, the Company does not obtain forward cover against the gross exposure.

	Average rates		Balance sheet date rate	
	2016	2015	2016	2015
US Dollars	104.37	101.68	104.83	101.70

Sensitivity analysis

A ten percent strengthening or weakening of the Rupee against USD as at the year end would have increased or decreased the equity and profit and loss account by an amount shown in table below. This analysis assumes that all other variables, in particular the interest rates, remain constant. The analysis is performed on the same basis for 2015.

	2016 (Rupees in '000)	2015 (Rupees in '000)
Effect on profit or loss on 10% weakening of Rupee	(11,566)	(18,293)
Effect on profit or loss on 10% strengthening of Rupee	11,566	18,293

b) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The interest rate exposure arises from long term loan, bank balances, lease liability, short term running finance and long term loan. Other risk management procedures are same as those mentioned in the credit risk management.

At the balance sheet date the interest rate profile of the Company's interest-bearing financial instruments was as follows:

	Carrying amount	
	2016	2015
<i>Fixed rate instruments</i>		
Financial assets		
- Bank balances	897	162
<i>Variable rate instruments</i>		
Financial assets		
- Bank balances	7,500	-
Financial liabilities		
- Short term borrowings	708,750	687,297
- Long term financing	360,000	610,000
	1,061,250	1,297,297

Fair value sensitivity analysis for fixed rate instruments

The Company does not account for any fixed rate financial assets and liabilities at fair value through profit and loss. Therefore, a change in interest rates at the reporting date would not affect profit and loss account.

Cash flow sensitivity analysis for variable rate instruments

A change of 100 basis points in interest rates at the reporting date would have net increased or (net decreased) the profit or loss of the Company as at 30 June 2016 by Rs. 10.603 million (2015: Rs. 12.971 million). This analysis assumes that all other variables, in particular foreign currency rates, remain constant.

31.4 Capital risk management

The management's policy is to maintain a strong capital base so as to maintain investor, creditor and market confidence and to sustain future development of the business. The management closely monitors the return on capital along with the level of distributions to ordinary share holders.

The management seeks to maintain a balance between higher returns that might be possible with higher levels of borrowings and the advantages and security afforded by a sound capital position.

The Company is not required to maintain any regulatory capital.

32. FAIR VALUE OF FINANCIAL INSTRUMENTS

- 32.1** Fair value is the amount for which an asset could be exchanged, or liability settled, between knowledgeable willing parties in an arm's length transaction. Consequently, differences can arise between carrying values and the fair value estimates.

Underlying the definition of fair value is the presumption that the Company is a going concern without any intention or requirement to curtail materially the scale of its operations or to undertake a transaction on adverse terms.

International Financial Reporting Standard (IFRS) 7, 'Financial Instruments: Disclosures' requires the Company to classify fair value measurements using a fair value hierarchy that reflects the significance of the inputs used in making the measurements. The fair value hierarchy has the following levels:

-Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities;

-Level 2: Inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly (i.e., as prices) or indirectly (i.e., derived from prices); and

-Level 3: Inputs for the assets or liability that are not based on observable market data (i.e. unobservable inputs).

As at 30 June 2016 and 30 June 2015, there were no financial instruments which were measured at fair values in the financial statements.
